Samsons
"Vice Versa"

She was a real two timer
She knew I'd never leave
She thought that she could make it
I could never believe

[STICK:]
She looked so healthy
and she looked so clean
But when she got to bite you
was she mean

Vice versa, vice versa

[VERSE TWO:]
She could roll you over
and make you blind
She could say things to astound
the dirtiest mind

She looked so healthy
and she looked so clean
But when she got to bite her
was she mean

[SOLO]

Vice versa, vice versa

[SOLO]

[REPEAT VERSE TWO]

[REPEAT STICK]

Vice versa, vice versa *[x2]*
Turning you around
