..."It's yours!" --> T La Rock

[Nas]

I sip the Dom P, watchin Gandhi til I'm charged  
Writin in my book of rhymes, all the words pass the  
margin  
To hold the mic I'm throbbin, mechanical movement  
Understandable smooth shit that murderers move wit  
The thief's theme, play me at night, they won't act right  
The fiend of hip-hop has got me stuck like a crack pipe  
The mind activation, react like I'm facin time like  
'Pappy' Mason with pens I'm embracin  
Wipe the sweat off my dome, spit the phlegm on the  
streets  
Air the Nikes on my feet, keep my cypher, complete  
Whether crusin in a Sikh's cab, or Montero Jeep  
I can't call it, the beats make me fallin asleep  
I keep fallin, but never fallin six feet deep  
I'm out for presidents to represent me  
I'm out for presidents to represent me  
I'm out for dead fucking presidents to represent me

To my peoples throughout Queens, God bless your life

[Pete Rock]  
Whose world is this?

[Nas]  
I'm the young city bandit, hold myself down  
singlehanded  
For murder raps, I kick my thoughts alone, get  
remanded  
Born alone, die alone, no crew to keep my crown or  
throne  
I'm deep by sound alone, caved inside in a thousand  
miles from home  
I need a new nigga, for this black cloud to follow  
Cause while it's over me it's too dark to see tomorrow  
Trying to maintain, I flip, fill the clip to the tip  
Picturin my peeps, now the income make my heartbeat  
skip  
And I'm amped up, they locked the champ up, even my  
brain's in handcuffs  
Headed for Indiana stabbin bitches like the Phantom  
The crew is lampin Ill Will style  
Check the gold toothed smile, plus I profile wild  
Stash through the flock wools, burnin dollars to light  
my stove  
Walk the blocks wit a bop, checkin Danes plus the  
games  
people play, I check the games plus the games people  
play  
bust the problems of the world today

[Chorus - Pete Rock]  
Whose world is this? (La la la)
