Yeah the world cheat go  
And everything in it I wanna see it  
Change it and change mine  
My peoples I see y'all in a minute  
If I wanna make moves I gotta make time  
And if you love me you'll take the bottle away from me  
Turn around I start walking away from me  
'Cause I'm tryin to be majorly  
You're standing here... should ain't making me  
The top stop and I'm here for the vacancy  
Our rappers is f\*cking majorly  
You know when the greasy hair basted niggas as a shot  
And everything... and wouldn't have any other way  
And this couldn't happen any day but the day so what  
do you say  
We turn it up and... bourbon the scotch  
Forget what I sad man I got this watch

Hook:

Ya ya ya ya I'm bout to go for what I know  
Ya ya ya ya I'm bout to go for what I know  
Ya ya ya ya I'm bout to go for what I know  
Be a lex Malko one time checking yo

Time's precious I move fast break shit and say...  
And live through the...  
I spit that one two check it quick like melons get split  
Two times fellows... chill for bricks the fast got  
Make and they making the...  
Always a big mouth... with the...  
Cops is elephants ain't for year shit and they just call to  
pass down  
Say you love shit never let live half...  
I got perspective cause I'm...  
A mother f\*cker loves what he does so everything he  
does is a plus for us  
So I'ma do what I do well drop the... well hustles  
Do for now ice gate through hell just to change the  
game  
Little back... and just laugh it out without fall we came

Ya ya ya ya I'm bout to go for what I know  
Ya ya ya ya I'm bout to go for what I know  
Ya ya ya ya I'm bout to go for what I know  
Ya ya ya ya I'm bout to go for what I know  
Ya ya ya ya I'm bout to go for what I know  
Ya ya ya ya I'm bout to go for what I know  
... kid in the house one time...

I get my family... see providers...  
My priority is gonna land me and got the city...  
... crossing across the ceiling  
Catalogues and product...  
I far from what I got... and I need it though  
Money growing trees and all depending on the...  
... really pocket when it's...  
F\*cking with the... is just...  
I can just lie em up with the fire thus in...  
That's when... survival f\*ck my cheese when... holy  
water  
... you don't know you saw me then I got... power  
How you... but the music call me told me that was  
poetry  
... if they do is causy you got work to do foods this  
Kids aint' got no legends  
To be bigger than life for years it must go undetected  
Watch the sight of fame and entertainment except the  
Fact that you... uninfected  
We... just remind your my homies Malko  
Milky way in the... all around me but who you are the  
Visionary in the face...  
...  
Hungry in my twenty... and my thirty futuristic and my  
forties  
Shawty is gonna for me when I'm formula I'll be in  
My... and traveling with the...  
... thankfully I'm a warrior obsessed with preparation  
Over money over fame and over reputation  
Cause what we got here is bigger than your...  
You once again grind grind me
