I know it's over, I know it's gone  
Couldn't work it out much longer  
It's only getting harder  
It's time to say goodbye  
I just can't help but cry  
I wanted us to make it  
But I guess we couldn't fake it  
CHORUS:  
Much longer, we couldn't make it last  
Much longer, this love is fading fast  
I know that it's time for me to start letting go  
'Cause the love you have for me no longer shows  
Eventhough it hurts I have to face the truth  
That no matter what I do  
There will be no me and you  
Much longer  
I did my best to make it last  
'Cause it's all I ever wanted  
But you took my love for granted  
You took your time making up your mind  
Making up would always be there  
But I really couldn't hold on  
CHORUS  
(FILIPINO ARTIST)
