The sky is turning blood red  
Or is it just my eyes  
Starting to deceive me  
By painting crimson lies  
Weak but still not broken  
The failure to atone  
What's done cannot be undone  
We leave this world alone

At the Abyss we falter  
finding the will to alter  
I know now...  
This time I'll take my chances  
and let time conquer circumstances  
I know now...

Kindred spirits chanting  
Silent by my side  
Song of the Pariah  
Mend the wounds I hide  
We share the same delusions  
And shattering defeats  
But with their song I notice  
I'm smiling through my teeth

Time, time will tell now

At the Abyss we falter  
finding the will to alter  
I know now...  
This time I'll take my chances  
and let time conquer circumstances  
I know now...

It's a bitter farewell  
Pariah  
It's a bitter farewell  
Only time will tell now  
Don't leave the lights on  
I'll never get back home  
damn all there is and was

Don't leave the lights on  
I'll never get back home  
damn all there is

At the Abyss we falter  
finding the will to alter  
I know now...  
This time I'll take my chances  
and let time conquer circumstances  
I know now...
