You  
Blind me completely  
Tie me discretely  
Haunting my dreams  
Shadows around you  
Clouding the way through

It's a fatal delight  
When insanity seems to win  
I have prayed in contrite  
This confession absolves no sin

I shall meet you again  
Hold you down as we lie in bliss  
On this alter of stone  
Feel the touch of Winter's Kiss

The Winter's Kiss  
The Winter's Kiss  
My Winter's Kiss

I'm waiting for you. Waiting for you  
(Come back to me)  
I'm waiting for you  
This obsession drags me in

On a cold December night  
On a moor covered in white  
I'm waiting for you. Waiting for you  
Kiss away remorseful sin. Let the absolution in

It's a fatal delight  
When insanity seems to win  
I have prayed in contrite  
This confession absolves no sin

I shall meet you again  
Hold you down as we lie in bliss  
As we're freezing to death  
Feel the touch of Winter's Kiss
