I sit beside my grave  
you saw me falling out of grace  
I've spent my life in hell  
and now I'm searching for an answer

The serpent that corrupt my brain  
it led me to the depths of hell  
The demon of despair  
an angel of a fallen god .

A stone cold sensation,new revelation  
I'm the gray of the night  
a brand new temptation  
death of a nation  
I'm the serpent to fight.

A hellish desire of sulfur and fire  
I'm the stench of your fright  
I'm the demon the evil required  
enjoy the sting of my bite.

In your dreams-the poison slowly sinks  
in your mind-the serpent takes his time

The power is growing  
boundaries are falling  
erase the god of your soul  
you had prayed for salvation  
i brought you damnation  
enjoy the end of your fall

A hellish desire of sulfur and fire  
I'm the stench of your fright  
I'm the demon,the evil required  
accept the end of your life.

In your dreams -the poison slowly sinks  
In your mind -the serpent takes his time

KNEEL DOWN AND PRAY  
as your virtues decay  
I'M SORROW AND PAIN  
the poison that runs trough your veins.

BOW DOWN,OBEY  
I'm the savoir to pray  
YOU KNOW MY NAME  
the serpent that lives in your brain !!
