I've been walking in the rain
Trying to work out where I am
A thousand reasons in my mind
Why I should walk away this time

Is it down to me, down to you
Who'll be the first to make a move

You've been talking in your sleep
All your secrets are revealed

Playing your games with my mind
Turning the screw with your crying
When all along you were trying
To turn this love in to a lie

Ain't nothing there
Ain't nothing there but the bad times
And a few old memories
Ain't nothing there
Ain't nothing there but the bad times
That's the way it has to be

Playing your games with my mind
Turning the screw with your crying
When all along you were trying
To turn this love in to a lie

Ain't nothing there
Ain't nothing there but the bad times
And a few old memories
Ain't nothing there
Ain't nothing there but the bad times
That's the way it has to be
Ain't nothing there
Ain't nothing there but the bad times
And a few old memories
Ain't nothing there
Ain't nothing there but the bad times
That's the way it has to be
For you and me

I've been walking in the rain
You've been talking in your sleep
