It was a common expense,  
All asking the , foes  
So we chopped up the furniture  
For the heat our bodies to,  
For the heat our bodies to,

Let the nights feel the hearts cross  
Had forget all other words  
All the , we were all alone, oh  
At the sheriff out in Buffalo, at the sheriff out in Buffalo

But the fire beneath my feet can cause the right to be  
Though I never said I , you are always my enemy,  
You are always my enemy

Think it's , not too soon  
So I'm , falls blue  
So we stepped on too,  
For the heat our bodies to,  
For the heat our bodies to,  
Now I'll never be at hand  
Won't stop till the battle end  
Know your heart,  
I can never be like I don't ,  
I'll be somebody like you,

But the fire beneath my feet can cause the right to be  
Though I never said I , you are always my enemy,  
You are always my enemy  
But the fire beneath my feet can cause the right to be  
Though I never said I , you are always my enemy,  
You are always my enemy  
You are always my enemy.
