The very first time that i saw your brown eyes
your lips helped and i said fine
I knew right then that your the one
I was caught up in physical attraction
but to my satisfaction
baby your more than just a friend

And if I ever fall in love again
I will be sure that the lady is a friend
and if I ever fall in love so true
i will be sure that the lady is just like you

If i said the i could be your one and only
promise you will never leave you lonely
i just wanna be the one you need
i just wanna be the one to serve you
kinda feel as if I don't deserve you
i'll cherish every moment we share#

And if I ever fall in love again
I will be sure that the lady is a friend
and if I ever fall in love so true
i will be sure that the lady is just like you
