You say you love me, baby  
And we should be together  
With you just drive me crazy  
Now that we are together

I can't wait 'til the morning comes  
I can't wait 'til the evening's done  
You call me on the telephone  
And tell me you're coming home

And now that we're together  
We'll chase the stormy weather  
And cherish every moment  
That we should be together

It's so long we fell in love  
And you left here, so all alone  
Now you're here, I won't let you go  
Will forever let this feeling flow  
Hey

Lord, have mercy  
Ooh, baby, sing it again  
I can't wait 'til the morning comes  
And I can't wait 'til the evening's done  
You call me on the telephone

(Yes, girl)

And now that we're together  
Will chase the stormy weather  
And cherish every moment  
That we should be together

It's so long, we fell in love  
(Yes, girl)  
And you left here, so all alone  
Now you're here, I won't let you go  
Will always let your feeling grow

Lord, have mercy  
You're so wonderful, beautiful

Pretty, sexy lady  
Oh, yes

You say you love me, baby  
And we should be together  
With you, just drives me crazy  
Now that we are together

I can't wait 'til the morning comes  
I can't wait 'til the evenings done  
And you left here, so all alone  
And tell me you're coming home

Sing it again  
Lord, have mercy, why?
