Hey Baby since you've been away  
I been so lonely  
I cry all night ooh

Why do I seem to be  
caught up inside of a dream  
all my life its always  
been my shadow of me  
well but over my shoulder  
theres always a voice somewhere  
saying I never should try to set my heart free

I wish that love would come  
and take me in her arms  
and show me what I've never known  
If I could hold someone  
in words like right from wrong  
just fade away like yesterday

Lonely wont leave me alone  
Lonely wont leave me alone  
why tell me why lonely wont let me fall in love  
ooh ooh ooh oh  
everywhere I go  
always by my side  
lonely wont let me fall in love

I try to say I love you  
but the words wont come true in my life  
I've seen all the tears and sad memories  
but why can I thought of you  
and if your feelings too  
far behind I feel all the tears inside of me  
around these winter blues  
I'm thinking back in time  
and there will be that rainbows end  
if i could follow on  
never loose my mind  
but its only lonely and me again

Lonely wont leave me alone

Lonely wont leave me alone  
why tell me why lonely wont let me fall in love  
ooh ooh ooh oh  
everywhere I go  
always by my side  
lonely wont let me fall in love

oh so long you've been away  
seems to me like your gone to stay  
anyway that's alright well

Lonely wont leave me alone  
Lonely wont leave me alone  
why tell me why lonely wont let me fall in love  
ooh ooh ooh oh  
everywhere I go  
always by my side  
lonely wont let me fall in love  
Why do I seem to be  
caught up inside of a dream  
all my life its always  
been my shadow of me  
well but over my shoulder  
theres always a voice somewhere  
saying I never should try to set my heart free

I wish that love would come  
and take me in her arms  
and show me what I've never known.....
