The world is gonna burn  
Burn burn burn  
As long as we're going down  
Baby you should stick around  
Baby you should stick around

It's all gone to shit  
It's out of our hands  
Baby if you could  
I know you would hatch a plan  
That's my  
That's my man

If we're gonna die  
Bury us alive  
If you're searching for us  
You'll find us side by side  
That's my  
That's my man

The world is gonna burn  
Burn burn burn  
As long as we're going down  
Baby you should stick around  
Baby you should stick around

The earth breaks  
It falls inside your beat  
I find myself swallowed  
Drowning in your heat  
As long as we're going down  
Baby you should stick around  
Baby you should stick around

The world is gonna burn  
Burn burn burn  
As long as we're going down  
Baby you should stick around  
Baby you should stick around

The world is gonna burn

Burn burn burn  
As long as we're going down  
Baby you should stick around  
Baby you should stick around
