Now when I was a little girl

My mom sat me down and told me all about the world

Now she, she told me true

She said one day you would probably break my heart in two

BUt now I, I beg to differ baby

I don't take it, that way you like to give it

Now look at you, on your knees, sweet as sugar baby

Sayin' please

I said I'm looking at you, well

Said I'm looking at you, aah hah

I said i'm looking at you, yeah

Now who the hell are you, to treat me like that?

I don't care where you've been

What you've done, and where you're at

Now who the hell are you, to act the way you do?

You won't be smiling by the time I'm through with you

Now who the hell are you?

Well now, ain't no cheating, ain't no lying

Ain't no explaining, justifying going all around here

Now stand up, and be a man

If you want, come and get it baby, catch me if you can

Come on and catch me if you can

Well you know that, if you want it

come and get it, if you want it, Oww

Now who the hell are you, to treat me like that?

I don't care where you've been

What you've done, and where you're at

Now who the hell are you, to act the way you do?

You won't be smiling by the time I'm through with you

Now who the hell are you
