After today I'll get me out of this place
Into the world so I can set a new pace
It seems I'm on my own from here, I've gotta face so
many fears
Won't You lay me in Your hands of grace

Got a funny feeling that I'm gonna go away
I'm gonna face my future, gonna try to make the grade
I've got a ways to go from here and vision doesn't
seem so clear
But praise God, He's got a plan, understanding isn't
my place

And after today I'm gonna come face to face
With a new world, who knows I'm feeling this way
I've got a ways to go from here, I'm gonna overcome
these fears
But still I'm gonna need Your hands of grace

I've got a funny feeling that I'm gonna go away
I'm gonna face my future, gonna try to make the grade
I've got a ways to go from here and vision doesn't
seem so clear
But praise God, He's got a plan, understanding isn't
my place

I'll be a bigger man for, a bigger man for today
I'll pray a bigger prayer for, a bigger prayer for today
I'll dream a bigger dream for, a bigger dream for
today

And I'll be a bigger man for, a bigger man for today
And I'll pray a bigger prayer for, a bigger prayer for
today
And I'll dream a bigger dream for, a bigger dream for
today

And I'll pray a bigger prayer for, a bigger prayer for
today
And I'll dream a bigger dream for, a bigger dream for
today

I've got a funny feeling that I'm gonna go away
I'm gonna face my future, gonna try to make the grade
Got a ways to go from here and vision doesn't seem so
clear
But praise God, He's got a plan, understanding isn't
my place
