Be my light in this darkened room
I'm on my face and I'm calling You
I can't fathom all You've done for me
Every time it finds me on my knees

Like sun light in the winter cold

Everything about You it takes my breath away
(Hallelujah)
I tried this once with out You and it was my great
mistake
(Hallelujah)

Questions fade when You invade
You chase all of my fears away
With Your love in my atmosphere
All confusion disappears

And nothing but Your truth remains

Everything about You it takes my breath away
(Hallelujah)
I tried this once with out You and it was my great
mistake
(Hallelujah)

Questions fade, You remain
You are like color on a page of white
Bright like eyes beneath black lights
Like a glowing city on the plains
You call my name
You call my name

Everything about You it takes my breath away
(Hallelujah)
I tried this once with out You and it was my great
mistake
(Hallelujah)

Hallelujah
Hallelujah
Hallelujah

Hallelujah
