Be my light in this darkened room
I'm on my face and I'm calling You
I can't fathom all You've done for me
Every time it finds me on my knees

Like sunlight in the winter cold

Everything about You
It takes my breath away
Hallelujah

I tried this once without You
And it was my great mistake
Hallelujah

Questions fade when You invade
You chase all of my fears away
With Your love in my atmosphere
All confusion disappears

And nothing but Your truth remains

Everything about You
It takes my breath away
Hallelujah

I tried this once without You
And it was my great mistake
Hallelujah

Questions fade, You remain
You are color on a page of white
Bright like eyes beneath black lights
Like a glowing city on the plains, You call my name
You call my name

And everything about You
It takes my breath away
Hallelujah

I tried this once without You
It was my great mistake

Hallelujah

Hallelujah

Hallelujah

Hallelujah

Hallelujah
