All here below
Waiting patiently
Surrounded by a symphony
Of lots of love
Understood
By all to be the one
When as, I fall
in your Arms

Chorus:
Deep Inside,
Purify
Breathe new life to me
Be my remedy
Wrap me tight,
In Your arms
Speak your peace to me
Be my remedy

2nd Verse
Life as we know
Not what memory
Looked down the page
Of this story
By all He's done
Understood by all to be the one
When as, I fall
Into Your arms

Chorus

When as, I fall
Into Your arms

Chorus

Forever
Forever
And ever
Ever
