

Sanctus Real "Sink or Swim"

Visit "[Sink or Swim](#)" on MotoLyrics.com

It is not safe to assume
That I am like me in anyway
I do not even like the taste
Of broken words or my broken promises
I will not even waste my time here

I know what I've been called to be
I know it won't include me
You're trouble, you're wasted
You know I just won't take this
Sink or swim

There is no place for you in what I am called to do
Heart under graced, I do not understand the way
You curse, you bend my words
You just praise Jesus to be heard
When will we ever learn?

I know what I've been called to do
I know it won't include you
You're trouble, you're wasted
You know I just won't take this
Sink or swim

You're trouble
You're wasted
You're trouble
You're jaded

I know what I've been called to do
I know it won't include you
You're trouble, you're wasted
You know I just won't take this

I know what I've been called to do
I know it won't include you
You're trouble, you're wasted
You know I just won't take this, won't take this
You're wasted
Sink or swim
