*[Intro]*

I'm sorry for what I said about you  
Will you accept my apology  
I am sorry

*[Verse 1]*

Hey now what am I to do  
I'd better think twice before I make my move  
'Cause last time I didn't think it through  
Don't know where it's gonna go  
Don't know what we're gonna do

And hey now what am I to say  
My foolish words got in the way  
Of us being friends  
Wake up, make up, can't we get along again

*[Chorus 1]*

I don't really wanna fight over something  
It's really nothing, it doesn't matter  
I don't really wanna scar your heart with words that hurt  
you  
I won't hurt you

*[Verse 2]*

And did you feel alright  
When you hung me out to dry  
Everybody knew when you put in on the 6 o'clock story  
on the Nightly News  
Now it's turned to fake  
Through this mess of words we made  
'Cause times are hard to take  
Powerfuls, politics, sharper than a razor pain

*[Chorus 2]*

Did you really wanna fight over something  
It's really nothing; it doesn't matter  
Did you really wanna scar my heart with words that hurt  
me  
Don't hurt me  
I don't really wanna cry over issues  
Wet tissues stick to my shoes  
Can't take back words we've spoken

But I'm hopin' you'll forgive me

*[Bridge]*

I don't care about what you said about me

Could we agree to disagree..

I am sorry

*[Chorus 2]*

Did you really wanna fight over something

It's really nothing; it doesn't matter

Do you really wanna scar my heart with words that hurt  
me

Don't hurt me

I don't really wanna cry over issues

Wet tissues stick to my shoes

Can't take back words we've spoken

But I'm hopin' you'll forgive me

I'm hopin' you'll forgive me

I'm hopin' you'll forgive me
