Yeah I'm a scene kid,
And I'm hot... smoking hot

Yeah we guys all look the same
Makeup and hair hiding our face
We're all hot-topic whores
Ditching all the other stores
I guess we're all a basket case

What are you planning to do
Besides being bisexual and getting drunk till you're on
the floor
That sounds like a really good plan
Constantly making out with both girls and men

My pants are easy to get inside
My vans of the walls t-shirt's on the floor
My hair's in 25 different shades of blue
Scene kid, kid
That's why I am a scene kid

Skulls are my favourite icons
I put them on my bags, t-shirts, toothbrush,
Hairclips, my underwear, shoe's, gloves
I guess I put them on about everything

What is the name of this band
They sound terrible but their lead singer is hot
I'll go now and get up to mosh
They promised me I would be all right, all right

My pants are easy to get inside
My vans of the walls t-shirt's on the floor
My hair's in 25 different shades of blue
Scene kid, kid
That's why I am a scene kid

When I go to a gig everyone on the way there calls me
a fag
Can't believe my eyes so many people that really look
like you

And I ain't really picky just pickin' them girls up like a
tard

I take all my pictures in my underwear
So everyone can comment and say that I am sexy
I have over 10k friends on my MySpace, Facebook, and
everything

My pants are easy to get inside
My vans of the walls t-shirt's on the floor
My hair's in 25 different shades of blue
My band consists of every friend I have
Big chance you'll find some hairspray in my bag
Scene kid, kid
That's why I am a scene kid

Let's go
I'm starting to hallucinate cause
These pants are way too tight
I guess borrowing your sisters jeans and hair
straightener isn't right
I'm starting to hallucinate cause
These pants are way too tight
I guess borrowing your sisters jeans and hair
straightener isn't right

My pants are easy to get inside
My vans of the walls t-shirt's on the floor
My hair's in 25 different shades of blue
Scene kid, kid
Thats why I am a scene kid
Why I am a scene kid
That's why I am a scene kid
