I have a promise for you that today is gonna be a great  
day  
And this freedom, it drives us to kill our insecurities  
And now we realise we're on a crusade, that's a never-  
ending party  
And each day we wake up and we say  
Let's do it all again!

And don't you let that bad man, tell you we were wrong  
And won't you, take me to another world  
And won't you, show me things that I've never seen  
before

The more times that I die the wiser I become  
The more people that I meet the more fun for everyone  
And when the sun he says goodnight, I say g'day  
And it's time for, I say it's time for another party!

And don't you let that bad man, tell you we were wrong  
And won't you, take me to another world  
And won't you, show me things that I've never seen  
before

I've never seen this before...
