I walk along those city streets you used to walk along
with me
And every step I take reminds me up your heart
we used to be

Oh how can I forget you go
When there is always something there to remind me?

Always something there to remind me

When shadows fall I pass a small cafe where we would
dance at night
And I can't help recalling how it felt to kiss and hold you
tight.

How can I forget you go
When there is always something there to remind me?
Always something there to remind me

I was born to love you
And I will never be free
You'll always be a part of me
Whoa-ooo-ohhh-oh
Whoa-oh-ooo-ohhh

If you should find you miss the sweet and tender love
we used to share
Just come back to the places where we used to go
And I'll be there

How can I forget you go
When there is always something there to remind me?
Always something there to remind me

I was born to love you
And I will never be free
You'll always be a part of me

Always something there to remind me
Always something there to remind me
Always something there to remind me

Always something there to remind me
Always something there to remind me
Always something there to remind me
Always something there to remind me
Always something there to remind me
