Words by Phillip Sandifer & Chris Crawford/Music by
Brian Green

Here we are at the start
They say it's a new beginning
Lord it looks so hard
The road to you seems never ending
How can I see
When I'm blinded by the light that shines for me
You've been there everywhere
And now I have the chance to know you
I only want to be
All that you might have in mind
Oh won't you let me see
For a moment with your eyes Lord
From within your light, through the darkest night
To the plan you have for me

Chorus

Where do we go from here
Now that we've finally found each other
Where do we go from here
Did I wake from sleeping to discover
Dreams that only you can see
Just waiting to come true for me
Oh where do we go from here
All around I can see
Faithful friends with easy answers
Shouting out to me
But can they say they've found your way
Oh why does it seem
They are no longer learning
With the reasons now
To the why's and how's
All their answers come too easily

Chorus

Lord could it be I'll find the answers as I go
As I desire to know your way
Is where I'm going made in part from where I've been
Now I know I must depend and I'll ask of you

Repeat Chorus

Where do we go from here
Lord I've to trust you more
Where do we go from here

Do I really need to know
Where do we go from here
I'm gonna trust you Lord
