Jesus is my love song to you
His melody still lingers sweet and true
The perfect harmony that sings within the Spirit's touch
Will fill your life with days that are in tune

Music is my way of life
I love to sing a song
And I love the times you feel you would like to sing along
There are songs I like and songs I love
Which number quite a few
But there's just one song that says it all
So I'll send it out to you

It's a song that's been born within my heart
There's just no better place for it to start
Son of God, right from beginning to the end
And I want to sing it to you, my dear friend

Jesus is my love song to you
His melody still lingers sweet and true
The perfect harmony that sings within the Spirit's touch
Will fill your life with days that are in tune

Singing songs about myself has got to be a chore
'Cause my life is so much different
From the way it was before
I've never seen a person change just on his own accord
'Cause if a person's changed or rearranged
Then you're talking about the Lord

He's the song of God who's born within my heart
There's just no better place that He could start
Son of God, right from beginning to the end
And He wants go give Himself to you, my friend

Jesus is my love song to you

His melody still lingers sweet and true
The perfect harmony that sings within the Spirit's touch
Will fill your life with days that are in tune

He'll fill your life with days that are in tune
He'll fill your life with days that are in tune
Jesus is my love song...(5X)
