"Use Your Time"

Visit "[Use Your Time](#)" on MotoLyrics.com

Still another boring sunday Iâ€™m sitting in my room
Musix coming out of the radio Iâ€™m writing some bad
songs
Thinking of future, perhaps Iâ€™ll become a star
Thinking of summer when the sun shines down on me

Donâ€™t oversleep your dreams realize them
Life is too short to meditate
Donâ€™t oversleep your dreams realize them

Use your time, use your time
Use your time, use your time

Tomorrow itâ€™s monday itâ€™s just like everyday
Wanna go to California where you live in peace
Dreaming of freedom, dreaming of independence
Maybe the future knows, when the time has come

Donâ€™t oversleep your dreams realize them
Life is too short to meditate
Donâ€™t oversleep your dreams realize them

Use your time, use your time
Use your time, use your time
