Verse One:

When I was born
I see you through the smokey air
I love you and respect you for bringing me up into who I
am today
Wait for the day

Chorus:

All the time
Now you're here and you don't know why
It would mean the world to me to me if you come visit
me from heaven
Eye to eye we need no words at all

Verse Two:

Yes when we're in heaven together
Sounds like good advice but there's no one at my side
I like your honesty and the fact you were there for me
always
You're so close but still a world away

Chorus:

All the time
Now you're here and you don't know why
It would mean the world to me to me if you come visit
me from heaven
Eye to eye we need no words at all

Chorus to fade
