Beside a river on the beautiful banks
The radio reminds me of my home
Im always looking down as i walk smiling and thinking
And before you know
Putput goulfing in tennessee so green and full of
laughter
And now I feel the ever after
Diving for 6 hours
The best things in life are always free
Example your right next to me
Enchanted
This used to be the place I ran to
Joyfull fun and playfull
I felt the earth beneath my feet
Putput goulfing in tennessee so green and full of
laughter
And now I feel the ever after
Diving for 6 hours
The best things in life are always free
Example your right next to me
