"Woah"

You get on with life as a student,
You're a peculiar kinda person.
You like watching tv and playing minecraft.
You like to contemplate minecraft.
But when you start to daydream,
Your mind turns straight to wrestling.

Shala la la la la la!

Do you love wrestling more than minecraft?
Do you love wrestling more than minecraft?

You like to use words like 'woah' and 'jeez.'
You like to use words about minecraft.
But when you stop your talking,
Your mind turns straight to wrestling.

Shala la la la la la!

Do you love wrestling more than minecraft?
Do you love wrestling more than minecraft?

You like to hang out with me and mark.
But when left alone,
Your mind turns straight to wrestling.

Shala la la la la la!

Do you love wrestling more than minecraft?
Do you love wrestling more than minecraft?

You hate creepers and rudos.
But you just think back to wrestling,
And you're happy once again.

Shala la la la la la!
