We're diamond tonight
And we feel the fire blinding like the sun
We're beautiful now
Dancing on the edge we've just begun

Every heartbeat dreams unfold
All of these faces shine like gold
Oh I feel like I've come home, home, home

This could be the start of something new
I wanna shake the world tonight with you
Can you feel the blood rush through my veins
Rush through my veins

Calling all the lovers
Calling all the lovers
Calling all the lovers

Calling all the lovers
Calling all the lovers
Calling all the lovers

We go oh oh oh
We go oh oh oh

We're diamond tonight
And we feel the fire blinding like the sun
We're beautiful now
Dancing on the edge we've just begun

Every heartbeat dreams unfold
All of these faces shine like gold
Oh I feel like I've come home, home, home

This could be the start of something new
I wanna shake the world tonight with you
Can you feel the blood rush through my veins
Rush through my veins

Calling all the lovers
Calling all the lovers

Calling all the lovers

Calling all the lovers
Calling all the lovers
Calling all the lovers

We go oh oh oh
We go oh oh oh

Calling all the lovers...
