"Angel in disguise"

Woke up tonight, looked at the moon
Blinding light filled up my room
Looked to my right - my better half
And it's alright, if it's all I have
I let it ride, I'm satisfied
Just be mine

Kill me with killa kiss
Kill me with tempting lips
Stare at me with candy eyes
Love me with luscious thighs (2x)
Angel in disguise (2x)

Not a day goes by, not without you
Crossing my mind, if you only knew
Keep hope alive, I have faith in you
Two worlds collide, honest and true
You're my lullaby, passion for life
My starlit night

Kill me with killa kiss
Kill me with tempting lips
Stare at me with candy eyes
Love me with luscious thighs (2x)
Angel in disguise (2x)

It's simple, like you and I
Just spread your wings and learn to fly
I must be one lucky guy
With a girl like you right by my side
No sweat, imma do this right
Bring the moon to the moonless sky
Yeah, I see - the stakes are high
But this story ends with no goodbye
Girl, I'm qualified, I get what I see

No need to try
I'll make sure your dream will never die

Kill me with killa kiss
Kill me with tempting lips
Stare at me with candy eyes
Love me with luscious thighs (2x)
Angel in disguise (2x)
Spread your wings and fly
