I love you  
Cause you tell me things I want to know  
And it's true  
that it really only goes to show  
That I know that I, I, I, I,  
should never never never be blue

Now you're mine  
my happiness dear makes me cry  
And in time  
you'll understand the reason why  
If I cry it's not because I'm sad  
But you're the only love that I've ever had

I can't believe, it's happened to me  
I can't conceive of anymore misery  
Ask me why, I'll say I love you  
And I'm always thinking of you

I love you  
Cause you tell me things I want to know  
And it's true  
that it really only goes to show  
That I know that I, I, I, I,  
should never never never be blue

Ask me why, I'll say I love you  
And I'm always thinking of you

I can't believe, it's happened to me  
I can't conceive of anymore misery  
Ask me why, I'll say I love you  
And I'm always thinking of you, you, you
