They say that everyone
want someone.
So how come no one
wants me.

Then they say that everyone
needs someone.
So how come no one
needs me.

Well if you wonder
who the loneliest creatures
in the world can be.
It's the ugly duck,
the little black sheep
and me.

They say that everyone
loves someone.
So how come no one
loves me.

Well if you wonder
who the loneliest creatures
in the world can be.
It's the ugly duck,
the little black sheep
and me.

They say that everyone
loves someone.
So how come no one
loves me.
So how come no one
loves me.
So how come no one
loves me.
