i know the name
of a lonely place
it's called: la vista de luna
when you're a part
of the island-life
you feel so warm inside
uh, heaven's child
uh, here's what you find
give me another
just another sign of love
an' i say: la vista de luna
love is a brother
under cover of the moon
i'll show you
it's really in my mind
when your part is done
even love could fade away
if you got to leave
just leave me on

la vista de luna
it's not the face
of the moon tonight
it's just la vista de luna
and if you promise
to hold me tight
i feel so warm inside
uh, all my life
uh, i'll stay by your side
give me another
just another sign of love
an' i say: la vista de luna
love is a brother
under cover of the moon
i'll show you
it's really in my mind
when your part is done
even love could fade away
if you got to leave
just leave me on
la vista de luna
