Show me the secrets of love

Everlasting love i'm longing for
I need you by my side
There's been moments growing more and more
Every day and every night

You are my anything, my shining star,
My heart is in your hands

Show me where's the way to Paradise
The way to reach your heart

Love is a passion and love will light a fire
Trust your emotions, believe in your dreams
Wrapped in a mystery you are my desire,
Show me the secrets of love

The secrets of love
Show me the secrets of love

You're my guiding light in any place
Your love is all around
Oh I close my eyes I see your face
Don't let the sun go down

My love is here to stay, you're not alone
There's nothing more we need

I'm in heaven when you're close to me
You're the colour of my life
Love is a passion and love will light a fire
Trust your emotions, believe in your dreams
Wrapped in a mystery you are my desire,
Show me the secrets of love

The secrets of love
The secrets of love
Show me the secrets of love

I'm so empty without you, without you
There is something about you

In the edge i would climb, i'm crying
Let me hold you, with you i'm flying
I am flying

Love is a passion and love will light a fire
Trust your emotions, believe in your dreams
(Believe in your dreams)
Wrapped in a mystery you are my desire,
Show me the secrets of love

The secrets of love
The secrets of love
(Believe in your dreams)
Show me the secrets of love
The secrets of love
