I love you more than cheese

I've been trying to think how to tell you,  
just what you mean to me  
By now I know very well you, are all that a mouse  
should be  
Your little pink ears, your quivering nose, for me there  
could be no other.  
so here is the song that I'd like to propose, One mouse  
to another

I love you more than cheese my dear  
A liter crance wont do  
Mere roke-ford wouldn't please my pet  
If I could be with you  
I love you more than cheese my dear  
I have no need of food

No goudas monsters breeze my love  
I'm just not in the mood

I'd give up provolone-y  
If you would have it so  
If you'd give me a kiss please, then swiss cheese I'd  
forgo  
A Philadelphia cream, I need no longer dream  
For I love you more than cheese.

A Philadelphia cream, I need no longer dream  
For I love you more than cheese
