I'm walking right by
Right by her side
She got me losing my mind
I don't know what to do
I'm shaking real bad
And I'm losing control

She's coming towards me
I don't why
She got me down on my knees
I standing next to her
Holding her hand
Is what I imagine to do
{cuz... }

She's making me nervous
She's making me nervous
She's making me nervous
And I'm starting to sweat
{oh no}
She's making me nervous
She's making me nervous
She's making me nervous
I don't know how to deal
{with this}

Nervous
{she's making me}
Nervous
{she's making me}
Nervous
{and I'm starting to sweat}

In the spotlight she shines
In the moonlight she's bright
She's like an angel
Falling down from above
She's the type of girl
That'll give you a wink
Just play with your mind

She's coming towards me
I don't why
She got me down on my knees
I standing next to her
Holding her hand
Is what I imagine to do
{cuz... }

She's making me nervous
She's making me nervous
She's making me nervous
And I'm starting to sweat
{oh no}
She's making me nervous
She's making me nervous
She's making me nervous
I don't know how to deal
{with this}

Nervous
{she's making me}
Nervous
{she's making me}
Nervous
{and I'm starting to sweat}

So I want her now, today
I can't take it anymore
Baby I would love to play
I wanna be with... her
Can't stop staring at her
So I might as well stare

She's coming towards me
I don't why
She got me down on my knees
I standing next to her
Holding her hand
Is what I imagine to do
{cuz... }

She's making me nervous
She's making me nervous
She's making me nervous
And I'm starting to sweat
{oh no}
She's making me nervous
She's making me nervous
She's making me nervous
I don't know how to deal
{with this}
