(She got to know that) That I'm the one She'll be searching so long (She got to know that) Cuz I'm the one really want her The one that really need her So bad! (Just give me one chance) And I'll show you What I would do If you were my girl (Just give me one chance) Show you the things You never seen And girl you can keepÂ The whole world!

Let me take apart your brain
Let me learn what makes you sing
You can sing for me
Sing out of key
Sing like there's no one listening
Cuz you're the one I'm fenin' for
You've always got me wanting more
Want kids from me?
And we can see
What the future
Got in store

Quit talking 'bout
How you want that perfect guy
That perfect guy is me
And I'm just sitting here
Right by your side
I got that sweet talk,
Money and, oh yea
I've got that time
Just waiting on the day
I can call your love,
Mine

(She got to know that) That I'm the one She'll be searching so long (She got to know that) Cuz I'm the one really want her The one that really need her So bad! (Just give me one chance) And I'll show you What I would do If you were my girl (Just give me one chance) Show you the things You never seen And girl you can keepÂ The whole world!

I'm always chatting online
Talking to you all the time!
I never felt so happyÂ
Just waiting for your reply.
Can't believe you are mine
To you I'll never lie
Cuz you are the one that I need
And baby you can soon expect my call
Cuz you're the one I want
And I'll never ever leave your side
Baby you can count on that
No matter what they say
I'll always treat you better
Cuz none of themÂ
Have ever wrote you love letters...
