Last night I took a cab to the south side
I took a walk over the old neighbourhood
Just by chance we ran into each other
After so long we spent apar-ar-art

Years ago you were my first love
I'm not to blame, it took my little heart
We were so clo-ose
Time went by, we drifted apar-ar-ar-art

But remember when we danced all night
Danced till we cried, we were so in lo-ove
No matter how much the time goes by
You'll always be my number-er one
My own number o-o-one

I maybe a foo-ool, I know I'm sentimental
Easy to get lost in a moment from the past
The love we knew, it still lingers
Those memories will always la-a-ast

There's somethin' special 'bout a love for the first time
Can't be forgotton, can't be replaced
It was yesterday, we were young again
The moment that I saw your fa-ace

But, remember when we danced all night
Danced till we cried, we were so in lo-ove
And no matter how much the times goes by-y-y
You'll always be my number one

Things were so simple the-en, we were so innocent
I know we can't go ba-ack
But I'm thankful for the time we shared
Our worlds are so different now-ow

We were so clo-ose
Time went by, we drifted apar-art, baby

But remember when we danced all night
Danced till we cried, we were so in lo-o-ove

No matter how much the time goes by-y-y
You'll always be my number o-one
Still every time I think of you-ou
I get misty eyed but I won't come undo-o-one
No matter how much the time goes by
You'll always be my number o-one

(Always be...) my number o-one
(Always be...) in my heart
Remember when we danced all night-acapo
