anticipation  
Baby hold the thought that  
You've been thinkin'  
I know what you want  
Sudden excitement  
Comin' from the pores beneath my skin

It's automatic  
Involuntary  
Your body makes you do it  
Its very necessary

(Chorus)  
Goosebumps  
When you shake your ta ta  
You swich your hips like jelly right  
around my ta ta  
Can't feel this way without you no one  
else is the same  
Cos I get goosebumps baby when you call  
my name

call in

You are the shiver  
I can feel you running  
You deliver  
current and it's coming  
It's electric  
Strong enough to make you feel you're  
mine

It's automatic  
Involuntary  
Your body makes you do it  
It's very necessary

(Chorus) x2

You know what?  
Break

(Chorus) x2
