Living inside this world of doubt
Never thought I would make it out
But something inside my soul woke up
And showed me a better way
This beautiful treasure was inside of me
It's got to be the secret
Amaze me
I've waited forever
Now it's right in front of me

It's the pieces of the puzzle
Put together by mother natures hand
It's the prayer that has been answered
It's the gift of love raining down because
It's my heart touching yours
The story of us

Knowing the truth has set me free
I never thought you would find in me
The things I have been hiding for so long
And there's so much more to me
This beautiful treasure was inside of me
It's got to be the secret
Amaze me
I've waited forever
Now it's right in front of me

It's the pieces of the puzzle
Put together by mother natures hand
It's the prayer that has been answered
It's the gift of love raining down because
It's my heart touching yours
The story of us

It's now or never baby
It feels like forever baby
We've got the magic in our hands

It's the first kiss and our favorite song
It's that silence that we dance upon

It's the pieces of the puzzle
Put together by mother natures hand
It's the prayer that has been answered
It's the gift of love raining down because
It's my heart touching yours
The story of us
The story of us
