Where do we go from here? Where can we hide?
'Cause I made a U-turn and I'm still alive.
Where do we go from here? Where did they put the
signs?
'Cause I need an exit after this life.
Where is this better place and where are these better
times?
'Cause we've both been looking but we can't find.

Look how much fun we had and now, it's all turning
bad.
I've got my foot down, it's too slow, you should know.

What are we gonna say? 'Cause I'm feeling sorry that I
came.
Now, I'm pulling over, it all looks the same.

Look how much fun we had and now, it's all turning
bad.
I've got my foot down, it's too slow.

Oh oh oh oh, yeah yeah yeah yeah, can you hear me
calling out?

Look how much fun we had and now, it's all turning
bad.
I've got my foot down, it's too slow.
Look how much fun we had and now, it's all turning
bad.
I've got my foot down, it's too slow.
Look how much fun we had and now, it's all turning
bad.
I've got my foot down, it's too slow, you should know.
