The only way that I can prove you wrong
Is to find myself
Through these, through these cracks only the laughter
you make
Makes me wanna back down

But, it's not about how much you try to disguise
Into my darkest side
And what, what if you'll just take your own shot and
stop going through my
Mind
I'd live like that

Wanna make myself believe
Wanna get out
Wanna make some fun
Live my dream, start to believe

Wanna show the world
What I can do,
Wanna you just get outta my life?
Make me believe

You know my name but not what's going on through my
life
Maybe, maybe you're right, I, kinda messed it all up
But it's fine

Cause every story has it's happy little end
I guess
But oh well

Wanna make myself believe
Wanna get out
Wanna make some fun
Live my dream, start to believe

Wanna show the world
What I can do,
Wanna you just get outta my life?
Make me believe

I only wanted to follow my dream
And get to believe
I tried to forget all the hate
Played in my head
(Played in my head, was playing in my head)
Can't you make me believe
(X3)
Oh can't you make me?
Wanna make me believe
(X3)
Oh wanna make me

Wanna make myself believe
Wanna get out
Wanna make some fun
Live my dream, start to believe

Wanna show the world
What I can do and that's fine
Wanna you just get outta my life?
Make me believe

Make me believe
Make me believe
Make me believe
Just make me believe
