Only words you said
Were going deep again
You made me go over
You didn't bother

You love to see me hurt
What you're doin' isn't right
I pushed the pain apart
Pulling back itself again

Your smile makes me go wild
I try to wipe it out
You make me go insane
Make me lose the game again

It's over, but you replay
To make me lose the game again
You won the game not me
You're not afraid of losing me

When I just got calm again
You made me again insane
I'm not the type who gets
Ached, ached
I'm usually off with
Kay, kay
You made jokes on my own rights
You don't care if I get tight
Told ya, it's like deep hurt
I'm again in deep hurt
Woah-woah-woah

You thought it wasn't wrong
You hurt me anyway
You make me skip a beat
You can't keep up with me
I hope you're burning down, down, down

When I just got calm again
You made me again insane
I'm not the type who gets

Ached, ached
I'm usually off with
Kay, kay
You made jokes on my own rights
You don't care if I get tight
Told ya, it's like deep hurt
And yeah, it is deep hurt
I'm again in deep hurt
I'm again in deep hurt
I'm again in deep hurt
I'm again in deep hurt
I'm again in deep hurt
I'm again... I'm again in deep hurt

When I just got calm again
You made me again insane
I'm not the type who gets
Ached, ached
I'm usually off with
Kay, kay
You made jokes on my own rights
You don't care if I get tight
Told ya, it's like deep hurt
I'm again in deep hurt
