"Who To Be"

I've always been caught in chains
I've always been told who to be
Who to be...

I've never had my own life
I've never had some little love
Love...

And now you got me begging please
And now you got me saying don't
Don't change me

Who to be
Choose from you and me
Who to be
It's so difficult

Who to be
Choose from you and me
Who to be
It's so difficult

[Rhythm]

You tried
You tried to show me the best you can do
Do...

Deny
I can't choose who to be
To be...

No regrets
It's not too late
Change it the way you want

No regrets
It's not too late
Change it the way you want

Who to be

Choose from you and me
Who to be
It's so difficult

Who to be
Choose from you and me
Who to be
It's so difficult

[Rhythm]

Pick a style
Pick a life
Pick anything you want
Pick a style
Pick a life
Woah-woah

Pick a style
Pick a life
Pick anything you want
Pick a style
Pick a life
Woah-woah

Now
Tryin' any kind of life
Of life...

[Rhythm]

Who to be...
