This is what they say  
This is the games you play  
I don't really want to risk  
You're still my fix

This mood will change soon  
I like being with you  
Oh my what will I do?  
What will I do?

I still crave you  
I still crave you

I want you  
I want you  
I want you  
I want you  
I want you  
I want you  
I want you  
I want you  
I want you  
I want you

Oh so nothing's changed  
Still the same, still the same  
I'm having to resort to this  
Anything for one more fix

This mood will change soon  
But I still like being with you  
Oh my what will I do  
What will I do

I still crave you  
I still crave  
Always craved you  
Always crave you

I want you  
I want you  
I want you

I want you

I want you!
