You're just a boy, I saw in my dreams
As perfect as a Jolly Rancher seems
I'm more than a girl, I'm your biggest fan
And your face is why I can't never sleep in
My days is so perfect when I see you before work
And I'm always late but it's worth it, oh yeah, yeah,
yeah, yeah baby

I'm so in love with your
Early morning starbucks smile
Can't wait to kiss your early morning starbucks smile
Your smile, your smile, early morning starbucks smile

You're on the go, like always it seems
So I see you more which is cool with me
I'm the one for you and I'm so convinced
Cause your face is why I can never sleep in
My heart is sweeter than Reese's
I wanna squeeze you to pieces
You give me a million reasons, Oh yeah, yeah, yeah,
yeah baby

I'm so in love with your
Early morning starbucks smile
Can't wait to kiss your early morning starbucks smile
Your smile, your smile, *early* morning starbucks
smile

Tonight, I'm gonna sleep tight
Won't let the bugs bite, cause I'll be dreaming of you
And Tonight, I'm gonna sleep tight
Won't let the bugs bite, cause I'll be dreaming of you

I'm so in love with your
Early morning starbucks smile
Can't wait to kiss your early morning starbucks smile
Your smile, your smile, early morning starbucks smile
