So you say you're higher  
Eve of fire don't regret your stars  
But that you steel the pipe and  
Know the kisses, oh you play your part!!

But you feel you'll find it  
no you'll find it  
Don't forget your heart  
Because your soul is burning  
Time is turning No one stays the same..

(Who! who! ... who! [10x])

Inside my mind you tracing  
Face to facing one into your wings  
Regressing eyes are hallow,  
Soul is shallow, oh you drain my heart!!

But you feel you'll find it  
No you'll find it  
Don't forget your heart  
Because your soul is burning  
Time is turning No one stays the same..

Butterfly (carnival) [7x]  
Butterflyyyyyy...YEAH!!

(Who! who! ..who! [13x])
