There's a hole in my heart  
It's a big empty space  
Every day just gets harder since you went away  
And I try to hold on  
Cause I know there will be  
A time and a place when you'll come back to me

Without you don't know how I exist  
Never thought I could miss you like this

#### CHORUS

There won't be stars shooting down from the sky  
There won't be dreams coming true in my life  
I'll never feel love that real  
I can only pretend  
Until I see you again

And it's so bittersweet  
Not a thing I can do  
Everything that I see just reminds me of you  
So I send you my love  
But you're so far away  
How I wish that the world could be smaller today

How can I survive without your touch  
Never thought I could miss you so much (repeat  
CHORUS)

You gave me somethin?  
I never will forget  
You special lovin?  
And I hope it's not over yet  
Don't say it's ending  
Just when it's about to start  
Don't walk away with my heart

#### CHORUS
