Well I woke up last night, couldn't tell if I was dreaming.  
I thought I saw the face of an angel and I heard her  
speaking to me.  
She said my boy; don't fill up your head with trivial  
things.  
Life's too beautiful for you to leave.

Just like periscopes up in the sky,  
Well I have never seen a girl as beautiful as you in my  
whole life.  
Things don't always go the way you plan them,  
But if your rollin' with the flow well then it makes it  
easier to bare.

I'll give you kisses on your neck just like I always  
promised.  
You came into my mind like pictures of an earthly  
goddess.  
She said my boy don't fill up your heart with nothing but  
love.  
The truth that's true to you is truth enough.

Just like periscopes up in the sky,  
Well I have never seen a girl as beautiful as you in my  
whole life.  
Things don't always go the way you plan them,  
But if your rollin' with the flow well then it makes it  
easier to bare.

Easier to bare

Just like periscopes up in the sky,  
Well I have never seen a girl as beautiful as you in my  
whole life.  
Things don't always go the way you plan them,  
But if your rollin with the flow well then it makes it  
easier to bare.

Just like periscopes up in the sky,  
Well I have never seen a girl as beautiful as you in my  
whole life.

Things don't always go the way you plan them,  
But if your rollin with the flow well then it makes it  
easier to bare.

All I need -  
I don't need your inhibitions  
All I need is to be free.  
And I don't like no-one to tell me,  
Just where I'm going because I can see.  
I can see.  
Show you all of my intentions,  
Get this world belong to me.  
Imitate all my inventions, a minute too late  
Will never set you free.  
Set you free.
